## Medikro Grip Operating and Cleaning Instructions

### Operating Instructions

Push the flow transducer down onto the patient grip until it is secure.

### Warnings

A warning statement in this installation guide identifies a condition or practice, which could lead to patient injury, illness, or death.

**WARNING** Keep the reusable patient grip clean. Patient contact with contaminated equipment can spread infection.

**WARNING** The grips are packaged as non-sterile.

### Cautions

A caution statement in this installation guide identifies a condition or practice, which could lead to equipment failure, equipment damage, or data loss.

**CAUTION** Use this grip with the following spirometers: Medikro Nano, Medikro Primo and Medikro Pro.

**CAUTION** Clean the patient grip after each patient use.

### Cleaning Instructions

Clean on a routine basis according to your facility's protocols and standards or local regulations.

The following agents are compatible with the patient grip:

- 70 % isopropyl alcohol
- 10 % chlorine bleach solution.
- 55-60 % ethanol

### Cautions

A caution statement in this installation guide identifies a condition or practice, which could lead to equipment failure, equipment damage, or data loss.

**CAUTION** When cleaning the patient grip, avoid using cloths or solutions that include quaternary ammonium compounds (ammonium chlorides) or glutaraldehyde-based disinfectants.

**CAUTION** Note disinfect according to your facility's protocols and standards or local regulations.

### Disposal Instruction and materials

For GTIN-codes: 06420099000684 and 06420099000691

Materials: Grip: PA66, Single pack film: OPP+PE and External carton: Cardboard, External bag: PP

Dispose of the grip, the internal bag, and the external carton according to national or local laws or according to your facility's disposal policy. All materials are recyclable or burnable. The product safety sheet is available, upon request, for each of the materials.

The CE mark on this product indicates that it is in conformity with the provisions of Council Directive 93/42/EEC.

**CAUTION** Consult User Manual and other accompanying documents.
